I. Повідомлення про виконання обов'язкових критеріїв надання та підтвердження статусу національного закладу вищої освіти

Повідомляємо, що заклад вищої освіти виконує обов'язкові критерії надання та підтвердження статусу національного закладу вищої освіти, якими є:

1) виконання Законів України “Про освіту” та “Про вищу освіту”, Ліцензійних умов провадження освітньої діяльності закладів освіти;

2) наявність єдиного інформаційного середовища закладу вищої освіти, в якому забезпечується автоматизація основних процесів діяльності.

До звіту додається опис єдиного інформаційного середовища закладу вищої освіти;

3) розміщення на офіційному веб-сайті закладу вищої освіти обов'язкової інформації, передбаченої законодавством.

ОПИС **єдиного інформаційного середовища ВНТУ**

Електронна система «JetIQ VNTU» представляє собою єдину інтегровану клієнт-серверну систему управління освітнім процесом, в якій реалізовані функції змішаного навчання та управління освітньою, методичною та науковою діяльністю закладу вищої освіти (ЗВО). Загальна концепція системи полягає у створенні комфортного електронного інформаційного середовища для здійснення професійної діяльності викладачами, методистами та адміністрацією ЗВО, а також реалізація концепції змішаного навчання та електронної підтримки навчання для здобувачів вищої освіти. Ключовими користувачами системи є студенти, викладачі, диспетчера, методисти, декани, проректори, ректор, працівники бібліотеки, працівники відділу кадрів, навчального відділу та інших підрозділів.

Серед загальних модулів системи – електронний деканат (автоматизований розклад; внутрішні електронні комунікації, електронні відомості); корпоративна пошта для викладачів та магістрантів, навігатори дисциплін, які дозволяють опублікувати електронні ресурси НМКД для користування студентами, надати можливості студентам працювати з електронними ресурсами, використовувати тренувальні тести з будь-якої точки доступу до Інтернет. Система підтримує інтегрований зв'язок з загальним електронним репозитарієм університету, дозволяє швидко оновлювати електронні ресурси, публікувати новини кафедр та факультету. Система «JetIQ VNTU» містить інструментарій для проведення тестового підсумкового контролю, створення електронних книг, використання відео та аудіо матеріалів для навчання.

Для студентів галузі знань «Інформаційні технології» система є майданчиком для створення продуктів веб-програмування. Найкращі студенти є співавторами окремих модулів системи.

Основні функції системи управління основними процесами освітньої діяльності:

1. Автоматизація освітнього процесу.
2. Автоматизація управлінських процесів ЗВО.
3. Доступ здобувачів вищої освіти до різноманітних навчальних електронних ресурсів.

4. Формування актуальної статистичної інформації щодо діяльності ЗВО за напрямами навчальної, наукової, методичної діяльності.
